Chevrolet reserves the right to change the specifications and colors of any models and items shown in this catalogue at any time. It is important to check with your local Chevrolet Dealer for the latest information on models available for order in your market.

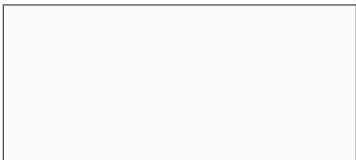

RAISED TO THE POWER OF SIX.

For the sixth time in history, a custom formula of performance technology, meticulous design and engineering mastery have evolved proven DNA into a modern force to be reckoned with. Every last gram of mass fought to exist in its architecture. Do your ears still echo from the first time you heard its roar? Then it's time to welcome the fitter, faster, leaner and more ferocious sixth-generation Camaro.

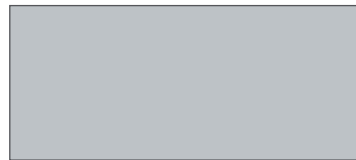

ADVANCED IN EVERY WAY.

The Camaro is a true performance car for the modern age, where the push-button start, available Head-Up Display and illuminated sill plates are just the beginning of your technologically-enhanced driving experience. Interior spectrum lighting courses around the radio, door trim and cup holders, transitioning between 24 selectable colors. In the Camaro, entertainment and connectivity were clearly not an afterthought. The 8-inch Chevrolet MyLink™ system offers Phone Integration Technology which allows you to mirror your smartphone on the colour touchscreen.
